- (2) Separate fees are payable for an application for approval of the concept plan for a project and for an application for approval to carry out that project (including where a single application is made for approval of the concept plan and for approval to carry out a part or aspect of that project).
- (3) If two or more fees are applicable to a single Part 3A application (such as an application relating to the subdivision of land and the erection of a building on one or more lots created by the subdivision), the maximum fee payable is the sum of those fees.
- (4) The total maximum fee payable for a Part 3A application for approval for part only of a project, and for any subsequent Part 3A applications for approval for any remaining part of the project, is the maximum fee that would otherwise be payable if only a single application for approval for the project was made.
- (5) A maximum fee of \$850 is payable for a Part 3A application for which no other fee is provided under this Division.

245C Payment of fees for Part 3A applications

(1) The fee payable under this Division for a Part 3A application is payable by the proponent within 14 days after the Director-General makes the environmental assessment in relation to the application publicly available under section 75H (3) or 75N of the Act and notifies the proponent of the amount of the fee.

Note. For critical infrastructure projects—see also clause 245H (2).

(2) The Minister may refuse to consider a Part 3A application if the fee payable for the application remains unpaid.
