

**WALGETT**  
SHIRE COUNCIL

# **PUBLIC NOTICE**

## **BOIL WATER ALERT FOR ROWENA**

The boil water alert on the Rowena Water Supply has been lifted by Walgett Shire Council effective immediately 19/04/2022.

This action was taken following advice received from the NSW Health Service following the samples had been free of E-Coli contamination.

Walgett Shire Council General Manager said today, I am pleased that the boil water alert has now been lifted. However regular testing of water samples for the Rowena Water Town supply will continue in the interests of community health.

Council apologises to the residents for any inconvenience being caused during this time.

For further information please contact Kesh Dharmasena, Council's Water & Sewerage Project Officer on 02 6828 6100.

Michael Urquhart  
General Manager
