

Walgett Aerodrome

The Walgett Aerodrome is situated about 1.3km from the Walgett CBD and just off the Walgett Pilliga Road. The Altitude of the aerodrome is approximately 134m above sea level. The coordinates are S30 02.0 and E 148 07.50

The Aerodrome has two runways. The main strip is 1626 metres long and the cross strip is 1153 m in length. The main strip is sealed with the cross strip being dirt.

Public amenities are limited to toilets.

The aerodrome can cater for aircraft King Air 35 with standard seating for nine passengers and storage of their baggage and Citation jet 22 seater. The aerodrome supports a surprising amount of traffic including emergency services, flying doctors, police as well as visiting government dignitaries and officers and many private aircraft. The Aerodrome is operated and maintained by Walgett Shire Council. The aerodrome has handling services and facilities controlled by Walgett Aero Club (ph. 02-682861054) including ANGAS Fuel.

Walgett Aerodrome has hanger, parking facilities and public toilets.
